

Sweetharmony's Kitten Placement Policies

The information on this page is important, please read this page

Sweetharmony's Persians & Exotic Shorthair reserves the right to refuse to sell to anyone at any time.

We do NOT sell to pet shops or other person(s) for resale.

Our Persian kittens do not leave our home until **THEY** are ready, which is generally between 12 and 20 weeks of age. At that time, the kittens will have been spayed or neutered, have age appropriate vaccinations, age appropriate dewormings, and a clean bill of health from our veterinarian.

We can also give you a referral to a reputable breeder that may have what you are looking for or you can ask to be added to our "Wait List".

Contracts

Our Persian/Exotic Shorthair kittens are sold on a written contract with Health Guarantee.

Vitamin Supplement

Our Persian cats and kittens receive vitamin supplement. We believe so strongly in this supplement, that the continuation of our kittens receiving these supplements are a condition of sale and the health guarantee.

_____ Cat Food

Our Persian cats and kittens eat _____ cat food. We believe so strongly in this healthy cat food, that the continuation of our kittens eating this food are a condition of sale and the health guarantee.

Prices

(pet quality – spay/neuter or breeder quality)

Persian Kittens (€ 300 - € 2.000)

Retired adults are priced very reasonably (€ 200 - € 500)

Breeder or show quality Persian kittens (prices upon request)

Reserving A Kitten

Due to many inquiries about our Persian kittens, we can only reserve your kitten if a deposit is made. Kittens with a deposit are listed as "reserved" on the "available" page of our website. Kittens that are paid-in-full are listed as "sold" on the "available" page.

A kitten is only designated as reserved upon our receipt of the required deposit funds. We only produce a limited number of litters each year, and this is the only way to make sure your kitten is reserved.

Deposit Information

In order to reserve your kitten, we require a non-refundable deposit of one-third (1/3) of the stated purchase price for that kitten. The balance due on the purchase price (including any shipping or delivery costs) is due and payable on or before one week (7 days) prior to the kitten leaving our home. The Contract must be read, agreed to, signed and returned to Sweetharmonys Persians & Exotic Shorthair prior to any kitten being shipped.

All **deposits are non-refundable** unless, for some reason, we are unable to provide you with a kitten. Therefore, make sure you read, understand, and agree to the terms of our contract before reserving a kitten and sending a deposit.

Accepted Forms of Payment

Only the following forms of payment are accepted: cash, credit cards (via PayPal), and Paypal. **If you choose to use Paypal for payment, the 3.9% fee that PayPal charges will be added to the total cost, including any shipping/delivery.** You will receive written confirmation by e-mail of our receipt of your payment.

If you are within Cyprus, we prefer to have you come to our home to pick up your kitten as we like to meet the people that we are entrusting our babies to. If you cannot come to our home, we can make arrangements to meet you, but we will charge you for the cost of gasoline.

The cost of shipping is **approximately** €_____ to have your kitten shipped to you . The shipping cost is in addition to the purchase price of the kitten. The shipping cost includes - the cost of the plane flight, crate (cat carrier), any shots that may be required by either Cyprus or your country for the shipment of the kitten, and veterinarian's health certificate. We also include a few of the kitten's favorite toys to keep it busy while traveling!

Other Useful Information

Appointments: If you have made an appointment to meet with us, please be on time. If you know you are going to be more than 15 minutes late for your appointment or can not make your appointment at all, please call us and we can reschedule your appointment. If we feel that you are not being serious about getting one of our kittens, or considerate of our time as well as other potential buyers that may have wanted an appointment with us, we reserve the right not to reschedule your appointment.

Picking Up Your Kitten: Please be sure to bring a cat carrier to safely transport your kitten home with you. If you do not have a cat carrier with you, you will risk our not letting you take your kitten or cat home with you until such time as you have obtained a cat carrier. This provision is for the safety and well-being of the kitten or cat while traveling in your vehicle.

De-Clawing

We do not advocate the inhumane practice of de-clawing cats. Many people are unaware that when a cat is de-clawed that means the veterinarian does a surgery in which not only is the cat's nail surgically removed, but also includes the first joint of each of the cat's toes. Furthermore, studies indicate that de-clawing a cat over the age of one year can result in psychological problems in the cat such as not using its litter box, marking its territory, aggression, and fighting.

We strongly urge all owners of their cats to pursue all other available alternatives before making the decision to de-claw a cat.

Our Placement Package

We will provide a CD-R that contains photos, pedigree, PKD tests of the cats that are in the lines and more.
